About ServTech Global

ServTech Global is a transaction management business that revolutionises the way businesses manage transactions through a unique customised Software as a Service (SaaS) workflow management application and back office support service. ServTech is the holding company of a number of wholly-owned subsidiary companies, including a real estate agency (Sell Lease Property Pty Ltd), a conveyancing business (Complete Settlements), a property management business (Capitol Asset Management) and a mortgage broking business (Value Finance).

ServTech's key revenue driver to date is Sell Lease Property which has utilised ServTech's SaaS platform (the 'Angel' platform) to improve operating efficiencies, minimise fixed overheads and increase profit margins, becoming a disruptive player in the Australian real estate sector. With operations in three states, Sell Lease Property has grown to have more than 200 property consultants nationally since its launch in 2012. Over the financial year periods 2015/2016 Sell Lease Property achieved revenue growth of 370%.
